## Six Degrees Albany

The Stuff Dreams are made of.

### Tap Beer / Cider

2 sizes: schooner, pint

#### Swan draught (4.5%) ..... 10, 11.5

Swan draught uses barley sourced exclusively from wa's world renowned growing fields to produce a golden coloured lager with that famous smooth malty flavour that has made it wa's no. 1 tap beer. tasmanian grown hops provide the bitterness to make this a well balanced, smooth and easy drinking draught beer.

#### Hahn super dry 3.5 (3.5%) ..... 10, 11.5

hahn super dry is a premium low carb, mid strength lager, brewed using the finest ingredients with no artificial additives or preservatives. an enhanced brewing process breaks down more of the natural sugars to deliver a genuine super dry taste, with only a third of the carbs of a regular beer.

#### 150 Lashes (4.2%) ..... 10, 11.5

a refreshing australian-style cloudy pale ale with restrained bitterness and a clean, smooth finish. it's an easier-drinking beer than others in the james squire range and a familiar style that australian beer drinkers will recognise. the use of malted wheat also adds to its refreshing character delivering a beer with a fruity nose and hints of passionfruit, grapefruit and citrus.

#### Hahn Super Dry (4.6%) ..... 10, 11.5

brewed using the finest ingredients with no preservatives or additives. an enhanced brewing process breaks down more of the natural sugars to deliver a super dry taste with only a third of the carbs of standard full strength beer.

#### Little Creatures Rogers (3.8%) ..... 10.5, 12

rogers' beer has a complex mix of malts combined with the unique little creatures hop character. it's a consistently crafted fabulous, easy drinking beer, with just the right amount of flavour for west australian hot days and barmy nights.

#### Little Creatures Elsie (4.2%) ..... 10.5, 12

elsie is inspired by the gold rush era steam ales of california. It's our adaptation made fresh locally on our very own west coast. elsie is a refreshing ale with hints of citrus that give way to a subtle maltiness, finishing clean and dry. it's the perfect beer for the west coast lifestyle.

#### Little Creatures Pale Ale (5.2%) ..... 12, 14

drink a few pints of this beer and you'll soon become one of us...a certified "hophead" craving those crisp citrus flavours of grapefruit and passionfruit and maybe a bit of honey, all backed up with a good balance of bitterness.

#### Pressmans Cider (4.2%) ..... 12, 14

crafted in australia using fresh apple juice, pressman's cider is so clean and refreshing it's akin to taking a bite out of a crisp orchard-fresh apple. a light, thirst quenching cider, with crisp apple notes dominating, pressman's is the ultimate in refreshment when served in a tall glass over ice. bloody hard to make, refreshingly easy to drink!

#### White Rabbit Dark Ale (5.2%) ..... 13, 15

mouth filling malt characters and a beautiful fruit driven complexity derived from the open fermenters, mix this with a reassuring bitterness from some aromatic hops and we reckon the result is a delightfully scrumptious ale!

#### Feral Hop Hog (5.8%) ..... 13.5, 16

get a good whiff of this feral brewing co beast that explodes with citrusy flavours and hop aromas, rounded out with a solid malt backbone. a farmload of american hops makes hop hog a uniquely feral brew...and just a little fruity.

#### Seasonal Specials ..... Ask our 6D Superstar staff

#### The Local Drop ..... Artisan Brewing

a Denmark family owned craft brewing operation producing locally handcrafted Belgian inspired ales under their own label using premium ingredients. These multi award winning craft beers are local from Denmark and we're proud to have one on tap. Ask your Six Degrees Super Star Server how to get one in your belly.
